Warren Schott, Director  
Fire & Police Pension Fund  
311 Roosevelt Ave.  
San Antonio, Texas 78210

Dear Mr. Schott:

The San Antonio Professional Firefighters Association, Local 624 wishes to extend a heart felt "thank you" to you and the board of trustees for all the efforts expended toward the proposed pension legislation.

From its infancy and forward, firefighters have felt that they were involved and informed throughout this entire process.

At our most recent executive board and general membership meetings, the membership agreed to support this proposed pension legislation for 2007. The members also requested that their gratitude be extended to you for taking the initiative on this important endeavor.

Again, please extend this "thank you" to your entire board, for what we feel was a job well done. Your efforts help ensure us all a "bright future".

Sincerely,

Christopher A. Steele  
President
